

PLANNING UPDATE land behind St Mary's Church

Thank you to everyone who contributed and supported Church Fenton Forward in the work on the Public Inquiry.

Unfortunately, the Planning Inspector's decision has been received to allow the appeal. As such, the building of 50 houses in the heart of the village has been approved.

Church Fenton Forward have been asked by several members of the community if there is anything else we can do to fight this decision and the answer is **YES**.

There are options available and after an initial meeting on 30th June, we agree to press on with our ambition to protect the historic core of our village.

If you object to the development here are some ways you can help:

- Add your name to a group response or submit comments separately
- Deliver leaflets, proofread documents, help with research
- Give your expertise in specialised areas
- Financial donations to support with expert advice
- Come to update meetings (virtually)
- Spread the word

If you want to join our group, help and support us no matter how much time you are able to commit or just keep up to date with progress, please get in touch with us on email at churchfentonforward@gmail.com and we can add you to our distribution list and invite you to update meetings (held virtually).

We respect your right to privacy and as such we will not share your details/email addresses.

We look forward to working with you to protect our community

CHURCH FENTON FORWARD

PLANNING UPDATE land behind St Mary's Church
